Lexington, Mo . July 18, 1866. THE CHAMPION. Washing Machine.

PAYENTED BY J. R. TIRBULL, JULY 1270, 1864.

This is one of the best Labor-Saving Machine.
Also from e. both for theagness, Durability and
simplicity. It saves Labor, saves Sonp, save Now seeme, both for Cheaquess, Durability and Simplicity. It saves Labor, saves Soap, saves Fidel. This machine is so arranged that it keeps all the hot sterm and smell of the suds from rising up in the face, anothrakes no slop on the floor. It is the lightest and most convenient machine to handle manufactured, and at the same time is less liable to get out of order or break.

Every lady would do well to try the Champion before purchasing any other, as we know it to be without a competitor in all the requisites of a practicable, reliable Washing Machine.

No Washing Machine ever invented or introduced in the State of Missouri, has not with such universal streess and favor.

What is more encouraging to the proprietor is, that the demand is greatest where it be best known, and it stands to day where it has ever stood, without a rival, both in the States of Missouri and Hillinots.
